Fridge boxes

Cabinet MS 42 IN fridge (with hidden evaporator)

Cod. G52145

Refrigeration cabinets for the marine market, built to the highest standards, to meet the most demanding customers requirements. Unequalled experience in the marine refrigeration market resulting in the finest products. Stylish and elegant appearance combined with functionality.

TECHNICAL CHARACTERISTICS

Width	380
Depth	362
Height	510
Insulation mm	50
N° shelves	1
N° bottle holder	1

Attention to details; lead technology used in materials processing, 50 mm (1,96 in) polyurethane insulation, locking handles, rounded edges are some of the features that make these products innovative in the market.

Entirely made of polished and satin-finished stainless steel.

50 mm (1,96 in) insulation.

Magnetic gaskets and possibility to fit a resistor to prevent the formation of condensate.

Door opening till 180°.

Stainless steel outer frame (option).

Temperature adjustment by means of an internal thermostat.

Stainless steel shelves adjustable for height with anti-roll edges.

Cell with rounded edges and corners for easier cleaning.

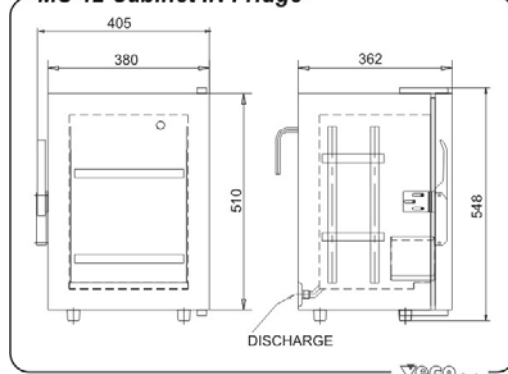

Discharge for the recovery of condensate water.

Bottles and cans holders.

Interchangeable door opening.

MS 42 Cabinet IN Fridge

Fridge boxes
